NATIONAL SCIENCE DAY CELEBRATIONS REPORT

As a convenor, I deem it a great honour and privilege to submit a report on this memorable occasion. Ever since 1987, our country has been celebrating the National science day on 28th February to commemorate the invention of “Raman Effect” by one of the renowned Physicist of India.

On the occasion of National Science Day-2023, All science departments in association with science club in Govt. Degree college, Rampachodavaram conducted various competitions like Elocution, quiz, poster presentation and science projects exhibition for both high school and college students as junior and senior categories to sensitize the students on social, cultural and ethical issues. Nearly 250 Students from various schools and colleges in and around Rampachodavaram, mandal have participated actively in the events with great enthusiasm.

Science day celebrations started by Dr.V Srinivasa Rao,principal and president of the program with the inaugural session on 25nd Feb 2023 with the lighting of the lamp and paying homage to Sir C.V.Raman.

*Students and science faculty of our college and science teachers from various schools attended the gathering. Our college principal Dr.V. Srinivasa Rao presided over the session and gave a brief introduction about the significance of celebrating National Science Day on 28th February and the importance of ‘**Global Science for Global Wellbeing**’ as this year focal theme.*

On 25th Feb. 2023 Quiz and Elocution competitions were conducted for both high school and college students in junior and senior categories. Nearly 110 students participated in the competitions

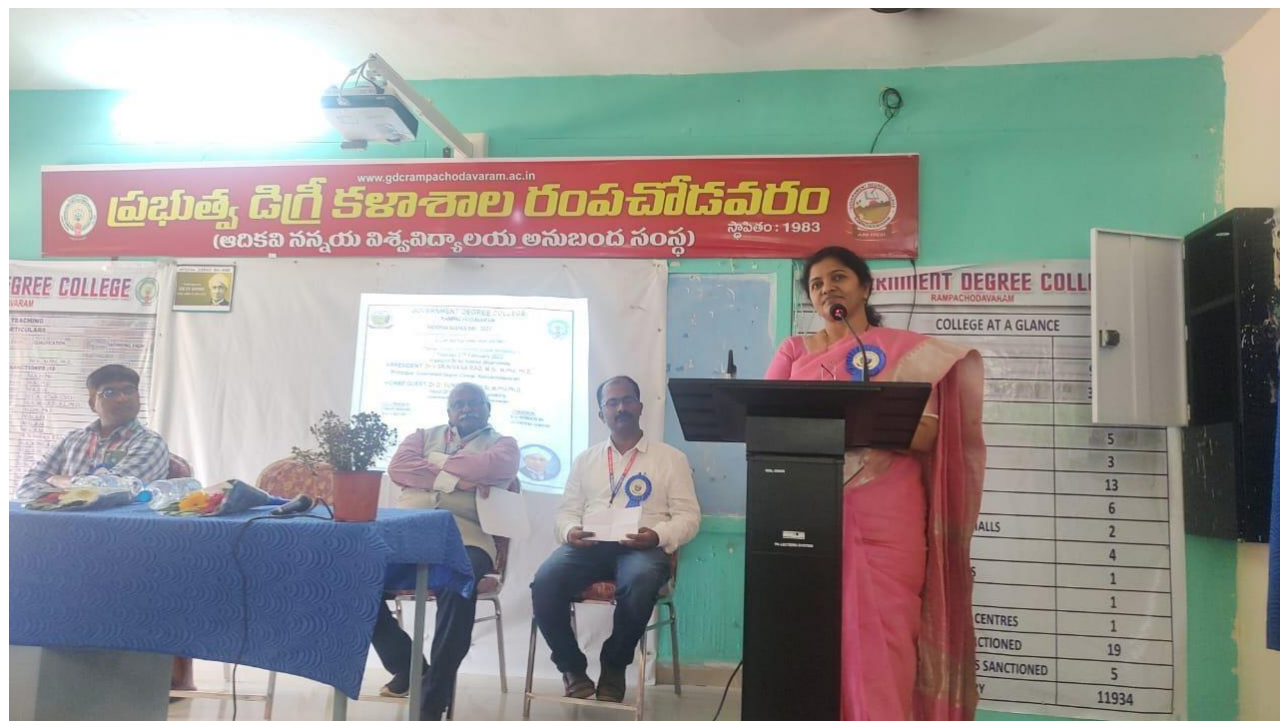

On 27th Feb. 2023 Poster presentation and Science projects exhibition were conducted for both high school and college students in junior and senior categories. Nearly 50 students participated in the competitions with great enthusiasm.

On 27th and 28th Feb 2020 **Science exhibition** was organized. Nearly 30 projects were exhibited by school and college students. As part of exhibition the participants came from schools in and around Rampachodavaram mandal. The students from various science departments of our college also exhibited working models and projects for two days 25th & 27th of February 2023

Dr.D. SUNEETHA, M.Sc,M.Phil, Ph.D Head Of the Dept. Of Chemistry, Government College,(A), Rajamahendravaram gave a special talk on Raman effect and its Applications as a guest of honour . She also explained about the research opportunities for students.
