Report on Swarna Andhra–Swachh Andhra

Theme: “Green AP”

September 2025

1. Introduction

Government Degree College, Rampachodavaram, actively participated in the State-wide “Swarna Andhra–Swachh Andhra” Month during September, focusing on the inspiring theme “Green AP.” The campaign aimed to create environmental awareness and encourage sustainable practices among students, staff, and the local community.

2. Key Activities Conducted

- **Plantation Drive:**

A large-scale plantation program was organized on the college campus. Faculty members and students planted various saplings, enhancing greenery and contributing to a cleaner, healthier environment.

- **Awareness on Terrace Plantation:**

An interactive session highlighted the benefits of terrace gardening, including temperature regulation, air purification, and promoting local food production. Students and faculty shared practical tips on starting terrace gardens at home.

- **Green Pledge:**

All participants took a pledge to protect the environment, reduce plastic usage, and promote green initiatives within their communities.

- **Poster Presentations by Students:**

Students showcased creative posters conveying messages on waste management, water conservation, and the importance of urban greenery. The activity encouraged critical thinking and environmental responsibility.

3. Outcomes

- Increased student involvement in environmental protection activities.
- Raised awareness of terrace plantation and sustainable practices.
- Beautification of the campus through newly planted saplings.

4. Acknowledgements

The college acknowledges the efforts of the Principal, faculty members, NSS volunteers, and all participating students who made the “Green AP” campaign a success.
