

REPORT

International Digital Literacy Day

Introduction

International Digital Literacy Day was celebrated with great enthusiasm by the Department of Computer Applications at Government Degree College, Rampachodavaram. The event aimed to raise awareness about the importance of digital skills in the modern era and equip students with essential knowledge to navigate the digital world efficiently.

Objectives of the Event

- To emphasize the significance of digital literacy in education and daily life.
- To enhance students' understanding of online safety, cyber security, and responsible digital behavior.
- To introduce emerging digital technologies and their applications in various fields.
- To encourage students to become proficient in using digital tools for academic and professional growth.

Event Highlights

The event was inaugurated by **Dr. K. Vasudha, Principal**, who addressed the students and faculty about the evolving digital landscape and the necessity of digital literacy in the present-day scenario. She highlighted how technology is shaping education, employment, and society.

M. Siva Kumari, HOD and Lecturer in Computer Applications, delivered an insightful presentation on digital literacy, covering topics such as:

- Basics of digital literacy and its global impact.
- Safe internet usage and cyber security awareness.
- The role of artificial intelligence and machine learning in the digital world.
- Importance of coding and programming skills.

Interactive Sessions

The event featured engaging activities, including:

1. **Online Quiz on Digital Literacy** – Students participated in a quiz competition to test their knowledge of digital tools, internet ethics, and emerging technologies.
2. **Elocution**-Students participated in elocution competition and shared their thoughts about usage of IOT tool in real life.

Student Participation & Feedback

Students actively participated in the discussions and demonstrated keen interest in learning about digital tools. Many students shared their experiences and expressed their willingness to enhance their digital skills further.

A student Ch.Nandi kesavarao from III B.Com CA explained about cyber crimes with a power point presentation.

Conclusion

The celebration of International Digital Literacy Day at Government Degree College, Rampachodavaram, was a successful initiative in spreading awareness about the importance of digital literacy. Under the guidance of **Dr. K. Vasudha** and **M. Siva Kumari**, the event provided students with valuable knowledge and practical skills that will help them in their academic and professional journeys.

The Department of Computer Applications remains committed to promoting digital education and empowering students with the necessary skills to excel in the digital age.

Under the Guidance of:

Principal: Dr. K. Vasudha

HOD, Computer Applications: M. Siva Kumari (Lecturer in Computer Applications)
